

Recessed Wall Point O4MM-RP01

The O4MM-RP01 is a recessed wall point used to house outlet plates such as power, TV, A/V, data points and all general purpose outlets. Matchmaster's recessed wall point is ideal for use behind kitchen appliances, TV/AV cabinets, flat screen TV's, bedroom furniture and any appliance placed flush against any wall.

Australian Design Registration Numbers: 201815617, 201815619, 201815620, and 201815621
