

Recessed Wall Point with Built in Cable Management System

04MM-RP02

The 04MM-RP02 is a recessed wall point with easy brush plate, single gang outlet for cable management and fit off. Perfect for housing outlet plates such as power, TV, AV, data points and all general purpose outlets. Matchmaster's recessed wall point is ideal for use behind kitchen appliances, TV/AV cabinets, flat screen TV's, bedroom furniture and any appliance placed flush against the wall.

Australian Design Registration Numbers: 201815617, 201815619, 201815620 and 201815621
