

TV Tilt and Swivel Bracket - Long Arm to 1015mm, 43"- 80" 04MM-TB13

Featuring 1015mm (40") of arm extension and almost limitless swivel capability, the 04MM-TB13 offers maximum viewing range, meeting almost any mounting challenge. Heavy-duty arms provide strong support for larger and heavier TVs up to 50kg (110lbs). TV installation and removal is made easy through a unique quick-release mechanism. Toolless tilting delivers optimal viewing angles. Integrated cable management creates a clean appearance.

Features and Benefits

- » 82-1015mm long extension arm provides a wide range of viewing angles
- » Swivelling Arms offer maximum viewing flexibility (makes every seat the best seat)
- » Heavy duty 50 kg load rating to support larger screens
- » Cable Management elegantly hides any cables that are attached to displays
- » For Most 43"-80" Flat Panel TVs
- » Quick-Release Latch locks and unlocks the display in place
