

Fibre Patchlead, Simplex SC/APC-SC/APC 1M (MO418/428L to Splitter) 20MM-FPLS1

Features and Benefits

- » Fibre Patch lead SC/APC - SC/APC 1M
- » Patching from MO4** Terra fibre transmitter to SO/OSP splitters

Fibre Optics

Matchmaster provide an extensive range of IP and fibre solutions for RF overlay and distribution. Simple IP solution using SAP protocol without the need for middleware through to advanced hospitality solutions. Simple fibre solutions for CATV and L-band in 1310nm and 1550nm wavelengths including DWDM solutions for 5 wire over single fibre distribution.
