

Fibre Patchlead, Simplex FC/APC-SC/APC 1M (MO001 to Splitter) 20MM-FPLS21

Features and Benefits

- » Fibre Patch lead FC/APC - SC/APC 1M
- » Patching from MO001 Terra fibre transmitter to SO/OSP splitters
- » Patching from SC/APC to OD007 optical node

Fibre Optics

Matchmaster provide an extensive range of IP and fibre solutions for RF overlay and distribution. Simple IP solution using SAP protocol without the need for middleware through to advanced hospitality solutions. Simple fibre solutions for CATV and L-band in 1310nm and 1550nm wavelengths including DWDM solutions for 5 wire over single fibre distribution.
