

# 50M HDMI Extender Over CAT6

## HDMI 2.0 18Gbps HDCP 2.2

### 34MM-4K50

*For the Best*

4K HDR HDMI Transmitter and Receiver over 1 x CAT6 up to 50M supporting 18Gbps and HDCP 2.2. Can be used to extend your 4K signal to a second TV with remote IR control without loss of video or audio quality. Features an HDMI loop out for local TV connection and POC (power over cable) needing only one power supply at source end. Supports 3D signal. Foxtel and MySky compliant IR receiver and transmitter included.

#### Features and Benefits

- » Extend 4K HDR Ultra High definition picture and sound from an HDMI source up to 50M using a single CAT6 cable
- » HDMI loop out port allows for cascading additional extenders or local TV connection
- » Supports copying of EDID signature from either the receiver display or loop out display.
- » Supports remote IR control from extender to source using supplied IR accessories (compatible with Foxtel and MySky IR remotes)
- » Supports power over cable function 'POC'. Only one power supply needed at source end.
- » HDMI 2.0 HDCP 2.2/HDCP 1.4 and DVI 1.0 compliant
